## International Advisory Services

## IAS | INTERNATIONAL DEVELOPMENT FINANCE

Since the early 1990s we are committed to providing consulting, training and research services globally – so far, **over 1500 projects in more than 80 countries!**

It is our goal to support and ensure the **transfer of our finance and management expertise** to institutions providing financial services in **developing and transition countries as well as emerging markets.**

Within our core competencies, we come up with **innovative, tailor-made solutions** to promote **institutional and staff capacity building as well as sustainable development.**

**We provide services along the following three areas:**

- **International Office** (international student recruitment and executive education)
- **International Development Finance** (microfinance, rural, SME and housing finance)
- **Frankfurt School – UNEP Collaborating Center for Climate & Sustainable Energy Finance**
